

LUMENTILE ORIGINATES FROM AN IDEA OF **DISRUPTIVE INNOVATION**,
WHERE THE JOINT USE OF **NEW TECHNOLOGIES** CREATES
ADDED VALUE AND NEW FUNCTIONALITIES FOR **TRADITIONAL MATERIALS**,
THUS TURNING THE **CLASSICAL CERAMIC TILE** INTO
A "MULTIFUNCTIONAL ELECTRONIC LUMINOUS TILE"
REALIZED BY **LARGE AREA** AND **ORGANIC ELECTRONICS**.

WE INSPIRE YOUR IMAGINATION

A close-up photograph of a person's feet wearing brown leather boots with tan laces. The person is standing on a floor with a grid of glowing blue and white geometric shapes, possibly a dance floor or a stage. The background is dark and out of focus, with some green light spots. The text "WE FELL YOUR ENERGY" is overlaid on the left side of the image.
